OLEM had no comments on the QA flagged for them. OW has yet to respond. Do you have any idea about timing? I know it could move fast after the briefing on Thurs, but any idea how fast (e.g., next week, week after, etc.)? I can use that to help usher OW along.

Also, just so we all have the latest and are clear on version control, attached are the updated comms plan, plus the press release and two fact sheets Lou sent around yesterday (with lou's edit accepted and the file names changed to include the date so we don't get confused later on).

I think there was also an outstanding question about OLEM and OW comments as well. Would need to check with Sam Linkins on if we ever heard back from them.

Ex. 5 Deliberative Process (DP) They reflect the other materials so no need for them to review again. Then the press release is really the main thing that they have to clearly approve before we share again with OPA.

Here's my recommendation

Ex. 5 Deliberative Process (DP)

Ex. 5 Deliberative Process (DP)

Ex. 5 Deliberative Process (DP)

Ex. 5 Deliberative Process (DP) Once we finalize those (which should be the PFBS administrator briefer and the GAO response), we can send a copy to him and Jennifer.

The PFBS comms materials that were still in flux were the press release, and the technical and general factsheets. I made edits last night, and I think Emily already shared with Jennifer and David. We could re forward that email to them, but maybe not today while there is a swirl about the administrator meeting.

Thoughts?

I haven't sent forward anything yet

Ex. 5 Deliberative Process (DP)

Ex. 5 Deliberative Process (DP)

I was planning on sending just the one pager for PFBS

I don't think they're sharing the comms materials with the Administrator, but wanted to have everything ready to go before the meeting.

Question – is the “package” just the briefer?

I thought all that we were intending on sharing with the Administrator was the 1-pager developed for that briefing – not the comms fact sheets or press release?

No I don't think so. Perhaps just the package, plus the comms materials, that the Administrator will have. If you could do that in one email, that would be terrific.

Thank you!

Liz

Hey Liz,
I just sent them the Press Release and Fact Sheets yesterday for a final look. I can re-send the briefer that will be in the Administrator's book.

Should I send them the actual toxicity assessment document again?

I'll re-send all documents in one e-mail so they have everything in one place.

Thanks!
Emily

Hi Emily and Prad,

Can you please make sure that Jennifer and David have all the updated materials in advance of the PFBS briefing with the Administrator.

Many thanks!

Liz
